COLLEGE OF EDUCATION FRESHMAN SUCCESS CLASS
FALL 2015

Teaching and Teacher Education TTE 197a (1 credit hour)
Tuesdays and Thursdays, 4:00 – 4:50 pm

TUESDAYS: Everyone is in lecture in EDUC 353
THURSDAYS: Discussion section 002 in EDUC 341

Instructor:
Sara Verger
sme@email.arizona.edu

Office Hours: Contact your section instructor to schedule a meeting time.

COURSE DESCRIPTION
Retention studies have shown that students who feel a greater sense of connection with their college are more likely to stay in school and graduate. Students can develop this sense of connection by becoming involved in college life and in their academics. This class will help Pre-Education students begin to develop a sense of connection to the College of Education, the University of Arizona, and professions in the field of education.

COURSE OBJECTIVES: Upon completion of this course, the student will have gained the following:
- Knowledge of the College of Education’s programs and resources;
- Knowledge of individual learning styles;
- Understanding of how time management, writing, and study skills affect college success;
- Knowledge of the teaching profession and other professions working with people;
- Knowledge of how to communicate with professors;
- Understanding of the COE’s admissions criteria and process;
- Understanding of his or her personal plan of study for graduating from the UA;
- Understanding of how personal characteristics can promote success.

D2L: Desire to Learn
Students access the web-based course management system at http://d2l.arizona.edu/index.asp for more information about this class. Handouts are on D2L and may not necessarily be given in paper format during class. Students are expected to read all documents posted to D2L.

COURSE ASSIGNMENTS

D2L Discussions
Students will watch a video or read a short web-article and post to the discussion on D2L. Each discussion is worth 2 points. To receive full points, you must post your own original reaction to what you watched or read (min 4-5 sentences) AND post 2 comments to classmates’ or the instructor’s comments (min 3-4 sentences).
Faculty Interview

Students will conduct an interview with a UA faculty member and write a reflection about the experience. What do you think you gained by doing this assignment? You may interview one of your Tier One professors, or you may interview a professor in the College of Education. Length: 2 pages double-spaced.

To see a list of professors in the College of Education, see the following website: http://coe.arizona.edu/faculty_by_dept There is an example on D2L regarding the format for your paper along with sample questions. Students are encouraged to come up with their own questions.

Students may not interview TAs or GAs. A Professor must have the words “Professor” in his or her title. Use the online UA Phonebook to ensure that your interviewee is a Professor.

Final Paper

In lieu of an exam, you will write a 2-3 page research paper relating to your intended profession. What have you chosen as a profession and why? Briefly describe the experiences that have led you to your chosen profession. What do you think will be most challenging about this career for you? What do you think will be most rewarding for you? What professional organizations are associated with your chosen profession? (Examples of professional organizations are the American Bar Association for Attorneys or NACADA, the National Academic Advising Association). What are at least three jobs that you can do in this profession with your degree? What are the important characteristics of successful people in this profession? Other than your degree, what do you think will prepare you most to enter this profession?

Your paper must answer all of the prompts above. You must properly cite in either APA or MLA format at least two websites using BOTH in-text citations and bibliographical citations.

Length: 2-3 pages double-spaced.

Additional assignments

Additional assignments may also be required throughout the semester.

ATTENDANCE: Learning in this course occurs through group discussion, personal reflection, and experiential activities. Your participation and attendance are required. Missing more than one class period will affect your grade. Your final grade will be dropped by 5 points for every class that you miss after your first absence. Missing 3 or more classes will result in an automatic grade of “F.” Please contact the instructor ahead of time if you have to miss class. Because there will be guest speakers, it is also essential that you arrive to class on time. Attendance will be taken at the beginning of each class period at 4:00 pm. Arriving more than 5 minutes late or leaving more than 5 minutes early will be counted as an absence.

PARTICIPATION: Participation is required in this class. This means students should contribute to class discussions. Pertinent questions and comments are expected. Texting, surfing the web, and wearing headphones in class are inappropriate in any classroom and will result in a participation grade of 0.

WRITTEN ASSIGNMENTS: Papers are due by 4:00 p.m. on the day in which they are listed on the syllabus. The dropbox on D2L will close at 4:00 p.m. on that day. All assignments are to be typed using double spacing, 12-point font, and one-inch margins. Assignment lengths are minimums. If the assignment is listed as two pages, then one and a half written pages are not acceptable. Assignments will be graded on content, grammar, and spelling. Additionally, assignments are graded on fulfilling the assignment as it is outlined in the syllabus. See the grading rubric on D2L for each assignment.

FINAL EXAM: There are no scheduled exams in this class.

INCOMPLETES: Incompletes must be negotiated with the instructor prior to the last day of class and will only be given when the student has completed most of the assignments and attended most class sessions. Receiving an incomplete requires an extraordinary circumstance.

STUDENTS WITH DISABILITIES: If you anticipate barriers related to the format or requirements of this course, please meet with the instructor of record so that we can discuss ways to ensure your full participation in the course. If you determine that disability-related accommodations are necessary, please register with the Disability Resource Center and notify the instructor of your eligibility for reasonable accommodations. We can then plan how best to coordinate your accommodations.

ENGLISH LANGUAGE LEARNERS: If you determine that language-related accommodations are necessary, please notify both the instructor of record and your discussion section instructor. We can then plan how best to coordinate reasonable accommodations.

STUDENT CODE OF ACADEMIC INTEGRITY: All forms of academic dishonesty are prohibited, including, but not limited to: cheating, fabrication, facilitating academic dishonesty, plagiarism, modifying any academic work to obtain additional credit without the approval of the instructor, or attempting to carry out any of the above. The submission of academic work that has previously been submitted for academic advancement is a violation of the Code of Academic Integrity. Committing any of the above will result in sanctions being imposed on the student’s scores or grade, up to and including the assignment of an “F” for the entire course.
